

## **Greenhouse Gases? It's No Laughing Matter!**

Feb 28<sup>th</sup> 2024, Shay Stadium, Halifax, UK

### **09:00 Tea, Coffee & Registration**

**09:30 Introduction from the Chairman, Mike Strahand**

**09:45 Amanda Lake - *Jacobs*: We kN2Ow Enough - From Global Practice to Local Action!**

**10:00 Ajay Nair - *Microvi*: Process Emissions: Sense with Sensors...**

**10:15 Panel Discussion 1**

### **10:35 Refreshments & Networking**

**11:05 Ziyi Dai - *Severn Trent*: Learnings from the Nitrous Oxide, Nitrite and Nitrate Monitoring Campaign**

**11:20 Chris McNeilly - *Scottish Water*: Practical Steps Towards our Goal: Net Zero by 2040**

**11:35 Oliver Jeeves – *Thames Water* (Remote attendance): Understanding Emission Factors**

**11:50 Panel Discussion 2**

### **12:10 Lunch & Networking**

**13:10 Chris Dawson – *Xylem*: N2O-one is an Island: The Importance of Collaborative Innovation**

**13:25 Eoin Murray – *Aquamonitrix*: New Process Control Opportunities within Wastewater Treatment Facilities Through Real-time Nitrite and Nitrate Monitoring in Activated Sludge and Final Effluent**

**13:40 Bastian Piltz - *Unisense Environment*: The N2O Wastewater System – A Decade of Experience and Innovation**

**13:55 Panel Discussion 3**

### **14:15 Refreshments & Networking**

**14:45 Valerie Sels & Paul Lavender - *Royal HaskoningDHV*: N2O Prediction and Control: “Invest in Measurements Now to Save on Measurements Later”**

**15:00 Matt Gray – *Hach*: A Decision Support Tool for the Mitigation of Nitrous Oxide Emissions**

**15:15 Alec Kimble - *Bi-Zen*: N2Oinsites: Operational Experience of Real Time Monitoring and Data Reliability**

**15:30 Panel discussion 4**

Exhibiting today:
